Do you or someone you know have an adult family member with an intellectual or developmental disability (I/DD)?

Do you need services but don't know how to get them?

Are you aware of the recent changes in New Jersey's Children's System of Care (CSOC) service delivery system?

If your family member is under 21, do you need more information on CSOC's services?

Is your child at a transition age (16 – 21) and want to know about self-directed services at age 21 and after?

Please join us and our guest presenter at this free event:

Elizabeth Manley
Director of Children's System of Care
Department of Children and Families

Take this opportunity to speak with local service providers that can help you and your family member with I/DD

If you would like to attend, please respond to the email address:
